## **Dark & Tempting**

### **Balsamic Fig & Hazelnut**

An interesting combination like this was ripe for the picking. We selected mission figs for their sweetness, and added the earthiness of hazelnuts and the sourness of Italian Balsamic vinegar. The resulting taste is complex and surprising, but easy to enjoy.

How did [Name of Brand] begin? For us, it started with passion and curiosity to build the most nutritious and authentic snacks possible.

We believe in inspiring combinations of real, quality ingredients. To expand from the usual snack flavors and foods we had grown accustomed to, we began our search for something new and extraordinary.

[Name of Brand] is a collection of the most flavorful, fresh foods from farms around the world, thoughtfully combined to create nutritious snacks. Each product we make is a display of how a selective list of ingredients paired together can expand the horizons of taste.
